Whether you have questions about fraud or indeed become a victim, contact Identity Fraud, Inc. toll-free at 1-866-4ID-FRAUD. Our professional **VRS Elite™** staff remains available to address your specific needs with immediate feedback and action.

Each victim is provided one primary and one secondary (backup) specialist that will work on your fraud crisis, from beginning-to-end, from simple-to-complex.

Every identity theft case is unique, just like your identity. We create a specific resolution case file and road map to address your crisis.

As resolution efforts get underway, you may monitor your case and progress via our secure Members Section for greater oversight, control, and piece of mind.

You may sign a Limited Power of Attorney that grants IFI limited authority to better resolve your identity crisis on your behalf. More direct resolution can save additional time and money.

Specific details relating to your identity theft are compiled and seamlessly integrated into **VRS Elite™** resolution efforts and communicated to pertinent organizations.

Identity Fraud, Inc. specialists help to stop fraud by immediately identifying and contacting creditors, credit bureaus, financial institutions, government agencies, and related third parties to signal your victim status, prevent new fraudulent accounts from being opened, close affected accounts, and to help open new legitimate replacement accounts.

Specialists provide assistance in establishing fraud alerts with the three major credit bureaus, both short-term verbal alerts and longer-term alerts supported via written documentation.

Victims of fraud are usually required to document and attest to their victim status prior to any third party investigation and resolution. **VRS Elite™** staff incorporates essential relevant details and facts into affidavits for tailored communication to each affected creditor or institution.

Because law enforcement is often burdened with a lack of time and resources, **VRS Elite™** staff (with financial crimes law enforcement experience) prepares our proprietary supplemental police report to save time and ensure your police report contains the relevant details needed for effective resolution.

Obtaining claim payments from insurance company providers requires proper representation, documentation, and knowledge of identity insurance. **VRS Elite™ licensed insurance professionals** work on your behalf to ensure the prompt payment of valid claims.

Follow-up helps to ensure resolution is complete, yet it may uncover recurring fraud that strikes again.

Education, privacy and identity related newsletters, and discounts on identity theft prevention tools are available on our website.

Whether you have questions about fraud or become a victim, call IFI toll-free for assistance.

The more quickly you recognize fraud and contact IFI, the more quickly you can take steps to regain your good name.
